# SMALL GROUPS. BIG POTENTIAL.

## Logitech ConferenceCam BCC950

Small group video conferencing deserves more than huddling around PC webcams or begging for time on overbooked conference room systems. The ConferenceCam BCC950 combines high quality HD video and crystal clear audio in a simple, amazingly affordable

package, so small groups can run their own video conferences anywhere in the office. Designed with small groups in mind, ConferenceCam BCC950 is an all-in-one video and audio conferencing device ideal for huddle rooms, private offices and small conference

spaces. With professional HD video and crystal clear audio, small groups up to 4 can be seen and heard so no one in the meeting is out of range. Control the call from anywhere in the room with remote control and on-unit buttons.
